

Community Group Questions

10.27.19

Please feel free to use these questions as a guide for your group.

1. What was most impactful from this past Sunday?
2. Can you name a few examples of things in your life that keep you from practicing regular Silence and Solitude?
3. Does the idea of practicing true Silence and Solitude frighten you? It's ok if it does. Engage your community group with these fears. If Silence and Solitude are already normal practices for you, offer encouragement to those in your community group who may be struggling with this discipline.
4. What is one small way you can apply Silence and Solitude to your schedule this week? Plan it into your schedule, and ask someone in your community group to hold you accountable.
