

## Community group questions 6.14

Feel free to use these as a guide for your discussion.

1. What impacted you the most from this past Sunday?
2. Are there areas in your faith that you need to spend time exploring? Like Moses when he went out of his way to examine the burning bush, what do you need to go out of your way to examine when it comes to your faith?
3. How do you practically spend time currently listening to God in your life? How can you improve this practice during this season where it is more important than ever to hear Gods voice and not all the voices of our world?
4. What might it look like to be a listener in this season to the hurts and pains of the black community?
5. If you haven't done so already talk about the levels of comfort of people returning to church. If people are not comfortable returning to church are they comfortable joining a family or two and watching service together on Sunday morning?
