

relentless pursuit

journey through exodus

process and apply this week's message

Exodus 13

1. Spend time reading Exodus 13 this week in reflection of this past Sunday.
2. In chapter 13 the Hebrews move from Egypt to the wilderness into a process where God is shaping them to become his people. Why is the wilderness so necessary for this process?
3. What is something practical that you are doing or that you could do to regularly put yourself in a place where you are remembering God, remembering his authority, remembering his power, remembering the fact that he alone saves?
4. In the wilderness people have all kinds of new needs and questions. What needs and questions might you have in this season of life and are you looking to Jesus first to guide you? What does that look like in your life right now?
5. At the end of the week read the entire chapter of Deuteronomy 8 and then spend some time praying in repose to the reading. Pray specially that in this season you would remember where our strength and hope come from.
