

# relentless pursuit

journey through exodus

process and apply this week's message

## Exodus 17

1. Spend time reading Exodus 17:1-7 this week in reflection of this past Sunday.
2. God continues to be gracious to Israel who in turn continues to be doubters in God's provision and goodness. Why is this reality so common for us?
3. Spend more time this week meditating on the idea that God brings us through the wilderness to grow our love and trust in him.
4. Who in your life have you given permission to call you out on your hearts leaning towards your old sinful nature? What does that relationship look like, how can it be strengthened?
5. Eventually after enough doubt and complaining this generation of Hebrews will miss out on the blessing of being able to live in the promised land. Think deeply about the truth that when we fail to trust in God fully, we miss out on opportunities in this life. Also, if we refuse to trust in God and ignore his existence our whole life, we will spend eternity apart from him and his kingdom of goodness.
7. Join us in praying for seven new ministry interns as they just arrived this week and will be with us for the next nine months!
