Matthew 4:8-10

10.4.20

- What is going well in your life and what is currently challenging?
- What impacted you the most during Sunday church?
- Why does a Christian culture not bother Satan?
- Do you find yourself caring more about a general cultural need for Christian values or for specific people's need for Christ?
- How do you make sure that Sundays aren't simply a time to learn Christian values?
- What is one thing that you will do differently after hearing this past sermon?
- Think about joining the Bread campaign to bring encouragement and support to the weary by either nominating a friend, delivering meals to a church member, or by giving!
